IMPORTANT INFO

WHAT IS THE DIVER MEDICAL QUESTIONNAIRE?

For all professional level diving training, PADI require a diver medical questionnaire that's been signed by a physician.

There's a series of yes/no questions to complete and you must be signed off as fit to dive **BEFORE** your training starts.

The questionnaire is pretty straight forward, you can check it out by clicking the button below. There's even a helpful video that talks you through it. If you have any questions, just give us a shout!

[DOWNLOAD THE MEDICAL FORM](#)

IMPORTANT T&C

There's a full list of our terms and conditions on the button below, but I'd just like to take this opportunity to point out a few really important ones I think you should know about.

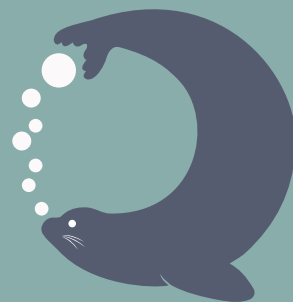

A minimum deposit of **£800.00** is required to secure your space on your PADI Instructor Course and release your materials for the course. **This is non-refundable.**

We ask for **30 days notice** should you need to cancel or rearrange your training. Late cancellation will result in charges to cover the cost of any training or prep that has already been carried out.

Every candidate develops at their own pace. If I don't feel that you are ready to attend the PADI Instructor Exam, I will be very honest and open with you, There is time built into your program to allow for extra sessions and the team and I will work as hard as we can to help you meet the performance requirements.

If we get to the point where there simply isn't enough time left for further sessions, I will create an action plan that may incur extra costs depending on the remediation that's needed.
